

BOERS TO MAKE A DESPERATE STAND

Fortifying the Ranges Between Colenso and City of Ladysmith.

GATHERED GREAT ARMY

Movements of the British Army in Natal Is Closely Hidden.

Doubt About the Safety of the Bridge at Colenso—Report That Methuen's Column Is Moving On Toward Kimberley—Continued Shelling of Ladysmith Does Great Damage to the Town—Cape Volunteers Mobilized.

Durban, Dec. 5.—[Special Cablegram]—The Boers are strongly fortifying the ranges between Colenso and Ladysmith preparatory to a desperate stand. Ladysmith is still closely besieged. The Boers have mounted a ninety-six pounder which is dubbed the "Francis." With this gun they are constantly shelling the town. The British have only fifty rounds of ammunition left for the naval guns, but are highly confident that they can hold out until relief comes.

Boers Growing Bolder. Ladysmith, Nov. 26 (delayed).—[Special Cablegram]—The Boers surrounding this town are daily growing bolder. On Friday they made an attack almost to the gates of the city and drove off two hundred and fifty head of cattle. One Boer shell yesterday killed three and wounded seven.

Free State Boers Withdraw. Cape Town, Dec. 1.—[Special Cablegram]—(Delayed)—It is stated that but for the Free State troops the Boers would have held their position at the Modder river. The Transvaalers believed they had effectually checked the advance of the British under Gen. Methuen, but at the critical moment the Free State withdrew their guns and all retreated. The Boers' losses were heavy, but less than the British because they were protected by entrenchments.

Making in Desperate Struggle. London, Dec. 5.—[Special Cablegram]—A Mafeking dispatch of Nov. 30, says the Boers are using a new ten ton gun firing high explosive shells. The departure of Gen. Cronje, who has gone to meet Gen. Methuen, does not weaken the besieging forces. The Boers are within two thousand yards of the town where they have thrown up trenches. The garrison is expecting relief and hopes it will come soon as the Boers are getting the best of things and the situation is becoming desperate.

BOERS ARE STRONG AT COLENZO

Over 15,000 Men Under Command of Gen. Joubert. Estcourt, Nov. 30.—A local farmer who was taken prisoner by the Boers at Highlands was released yesterday and just arrived in camp. He estimates the number of Boers holding Colenso at 15,000. They have fifteen guns mounted in strong positions. He says Gen. Joubert is in command.

Bridge's Safety in Doubt. Durban, Nov. 30.—Reports from the front say: "All well; prospects promising; no indication of the movements of troops permitted to pass the censor."

The condition of the Colenso bridge is still a matter of uncertainty, one report on Nov. 28 saying the bridge was intact, while on the evening of the same day it was said that it had been destroyed. Hildyard remains at Frere station, and a force of light cavalry is kept constantly reconnoitering close up to the city.

Much speculation is current in regard to the prospective movements of Gen. Clery. The general belief now is that he will march by way of Weenen to the Tugela river, which he will cross well above Colenso, in the hope of flanking the Boers while Hildyard's force attacks them in front. When the strong position of the Boers beyond the Tugela is considered it is evident that the combined forces of Clery and Hildyard, numbering about 20,000 men, will be none too strong to carry out this plan.

Papers found on captured Boers indicate that the Transvaal government expected to occupy Durban not later than Nov. 29.

Ladysmith Hospital Shelled. Frere Camp, Nov. 30.—A message from Ladysmith, dated Nov. 25, says: "The chief feature of the last three days has been deliberate shelling of the town, including the hospital. Schalkburgher, in command of the Boers, sent a message that all the wounded must go to Ikombi camp. Gen. White peremptorily refused. The Boers then continued shelling

the hospital. There has been much damage to the town recently. The Boers investing the place probably number 19,000. The troops are healthy, but impatient.

Red Cross Not Understood. Orange River, Nov. 29.—A Transvaal commandant, who was one of the prisoners captured at Gras Pan, asserts that when he joined his command he found a large number of the burghers absolutely ignorant of the meaning of the red cross. They thought it was part of the British flag. They were also convinced that the British cut the throats of all the wounded Boers they captured. The Boers relied on their ability to hold Belmont for six months.

Many Horses Drowned. London, Dec. 5.—It is said that most of the guns, swords and carbines and a portion of the ammunition have been landed from the British transport Ismore, ashore in St. Helena bay. A later official dispatch from Cape Town announced that the Ismore broke up yesterday evening. Her stern is out of the water, but her bow is gone. All hands and twenty horses out of 350 were saved.

Cape Volunteers Mobilized. Cape Town, Dec. 5.—Sir Alfred Milner, the governor of Cape Colony, has issued a proclamation calling out the rifle clubs and volunteers for mobilization. This step arises from the hostile movements of the disaffected Dutch colonists in the north of Cape Colony, who are reported to be going over to the Boers by the thousands.

Troops Reach Cape Town. Cape Town, Dec. 5.—The transport Sardinian, with a Canadian contingent, and the Cheshire, with the First battalion of the Gordon Highlanders, arrived Sunday. The men landed and were enthusiastically received. The Canadians keenly appreciated their welcome.

May Replace Gen. Buller. Dublin, Dec. 5.—It is strongly rumored in garrison and governmental circles here that Lord Roberts of Kandahar and Waterford, since 1895 commander of the forces in Ireland, will shortly be appointed to the supreme command in South Africa.

Boers' Loss at Kimberley. Pretoria, Nov. 23.—Commandant Dutoit's casualties near Kimberley on Nov. 25 were, according to his report, 100 men killed, 13 wounded and 25 prisoners. It is believed here that only ten Boers were killed, the 100 being a telegraphic error.

Siege of Mafeking Raised. Cape Town, Thursday, Nov. 30.—The Cape Times has the following dispatch from Mafeking: "Gen. Cronje, with 100 wagons and a large body of Boers has left his laager, practically raising the siege, although desultory firing can be heard."

Methuen Moving On. Cape Town, Dec. 5.—It is reported here that the repairs to the Modder river bridge have been effected, and that Lord Methuen's column is moving on in the direction of Spytfontein.

GOV. BRADLEY IS HOT

Denies That He Has Called Armed Men to Frankfort—Uses Harsh Words.

Frankfort, Ky., Dec. 5.—[Special Telegram]—The state board of election commissioners are proceeding slowly with the canvass. Governor Bradley has created a sensation by appearing before the board in person to deny that armed men had come to Frankfort in obedience to his orders. He said: "Any one who said armed troops or any citizen in town is here armed upon my invitation is a lying, cowardly scoundrel."

GOMEZ ON HIS METTLE

Covet Threat Against Occupancy of Cuba by the United States.

Havana, Dec. 5.—[Special Cablegram]—Gen. Gomez delivered a fiery oration on the streets of Havana today. He declared that the Cubans had fought for liberty before and would fight again if necessary and this time would sweep the island. Such utterances, coming from Gen. Gomez have created a great sensation.

HARRISON ON ROBERTS CASE

Says That Seating of Mormon Would be a National Shame

Indianapolis, Ind., Dec. 5.—Former President Benjamin Harrison, in speaking of the efforts to prevent the seating of Congressman-Elect Roberts, said: "I share with the whole country the feeling that to allow a man who is living with plural wives to sit in the congress of the United States would not be American. It would be a national shame."

Gen. Harrison Against Roberts. Indianapolis, Ind., Dec. 5.—Ex-President Harrison has declined to assist the Anti-Roberts league in its efforts to prevent the seating of Congressman-elect Roberts, although he says he is in sympathy with the movement.

CREAM CITY IS KEPT PRETTY BUSY

PUBLIC SENTIMENT HAS BEEN STRONGLY STIRRED UP.

Sensations Developing Out of the Plankinton Bank Investigation and Proposed Street Railway Legislation Keeps the Public Pot Boiling in Milwaukee.

Milwaukee, Wis., Dec. 5.—Another sensation in the Plankinton bank case is the talk of the city. When the missing ledger, which up to this time has been in the private vaults of Assignee William Plankinton, was produced in court it was found that two of the most important pages had been cut out. Mr. Plankinton expressed great surprise when the discovery was made in the courtroom. The pages that are missing are those that contained the cash account of the bank immediately prior to the failure.

It is claimed large sums of money were paid out without the order or sanction of the court between the time the bank suspended and the making of the voluntary assignment. The attorneys for the creditors showed today that the cost of administering the estate under Assignee Plankinton was nearly 50 cents on the dollar of the amount received by the creditors.

The special council committee reported last evening on the street railway ordinance, which extends the franchises to 1935 in return for a limited reduction in fare by means of commutation tickets, good only at certain hours. The majority report favored the ordinance, but Alderman Stevens put in a minority report against it.

Public sentiment is strongly stirred up against this ordinance, and Sunday Rev. Judson Titworth, the most prominent of Milwaukee's clergy, preached a sermon against it, but all the talk does not seem to have effected the aldermen who have a good majority in favor of the ordinance, and it looks as though they would pass it.

At a meeting of the carnival directors held last night while it was not definitely settled that another carnival will be held next year, it was assumed that there would be one and E. P. Hackett was elected president and A. C. Cass vice president. Subscribers will be asked and then the subscribers will vote on the question of holding a fête and whether it shall be in the spring or fall.

Mayor Ross yesterday afternoon welcomed to the city the seventh general assembly of the Brotherhood of Painters and Decorators of America and was made a member of the union. This organization has a membership of 15,000. The most important business will be the amalgamation with the Brotherhood of Painters, Decorators, and Paper Hangers of America.

FINANCIAL BILL IN THE HOUSE

Measure Is the First Introduced—Senator's Currency Plan. Washington, Dec. 5.—The financial bill drafted by a special committee of republican members was introduced in the house Monday by Representative Overstreet of Indiana, and accorded the distinction of being bill No. 1 on the records of the house. Mr. Overstreet stated that definite plans for advancing and passing the measure would be determined at the republican caucus to be held tonight.

The text of the currency bill prepared by the republican members of the senate finance committee is for the purpose, as stated in the preamble, of affirming the existing standard of value, to maintain the parity in value of all forms of money and to refund the public debt. It provides that the dollar, consisting of 25.8 grains of gold, nine-tenths fine, shall continue to be the standard unit of value.

The bill provides for a reserve fund of \$50,000,000 in gold coin to be used only for the redemption of United States notes and treasury notes. This provision says:

"If the secretary of the treasury is unable to restore and maintain the gold coin in the reserve fund by other methods then it shall be his duty to restore and maintain the same by borrowing money on the credit of the United States and for the debt thus incurred to issue and sell coupon or registered bonds of the United States."

It shall be the duty of the secretary of the treasury, as fast as standard silver dollars are coined, to retire and cancel an equal amount of treasury notes whenever received into the treasury.

Provision is also made for the issuing of gold certificates on deposits of gold coin to be used solely for the payment of such certificates on demand. United States and treasury notes are to be limited to denominations of \$10 or over and silver certificates to denominations under \$10. The bill provides for the refunding of bonds.

Upon the deposit by national banks of any bonds of the United States, such banks shall receive circulating notes equal to the par value of the bonds deposited. Banks are to pay a tax of one-fourth of 1 per cent. each half year upon such circulating notes as are based on the deposits of its 2 per cent bonds.

SENATOR HAYWARD DIED THIS MORNING

NEBRASKA SENATOR WHO HAS NEVER TAKEN HIS SEAT.

He Took a Sinking Spell During the Night and Passed Away Early This Morning—Democrats and Populists Will Elect His Successor—An Editor Wants the Job.

Omaha, Dec. 5.—[Special Telegram]—Senator Hayward is dead. He had been sinking during the night, and passed away peacefully early this morning. In democratic and populist circles it is generally understood that his successor is already decided upon. It is given out that G. M. Hitchcock, editor and proprietor of the Omaha World-Herald, is to be the man.

When it became evident that Hayward was likely to die it soon began to be noised about that Mr. Hitchcock was an

SENATOR HAYWARD.

aspirant, but this was not taken seriously at first. Now it is given out that the appointment is certain to go to him. Allen has just been elected to the district bench, and Hitchcock's friends insist that he should serve out at least a portion of his term.

The legislature which elects Hayward's successor will also elect a successor to Senator Thurston, and this, the democrats say, will give Allen a place in the senate with the aid of democratic votes.

GREAT GAME SATURDAY

Special Trains Will Be Run to Madison From All Badger State Points.

Madison, Wisconsin, Dec. 5.—Preparations for Saturday's big game have been going on merrily all day. In order to have the ground at Randall field in perfect shape it has been decided to cover it with hay. Teams have been at work all day, and tonight the field will be covered. The field will be entirely surrounded by seats, which will accommodate from 12,000 to 15,000 visitors.

Both the Chicago, Milwaukee and St. Paul and the Chicago & Northwestern railroads will run special trains; the return tickets to be good until Monday night. The former will run five trains from Janesville, Plattville, Beloit, Milwaukee and Chicago. Rates will be about one fare for the round trip. The St. Paul road will run excursions from Milwaukee and Waukesha, and one from Rockford to take in Beloit and Janesville. Other trains may possibly be run. Madison is making preparations on a big scale for the game.

The football men were called out this afternoon for about an hour of light work. A little putting and a few minutes of signal practice comprised the day's work.

ESCAPE WITH \$3,000

Unknown Miscreants Rob the Private Bank at Poplar Grove, Illinois.

Rockford, Ill., Dec. 5.—[Special Telegram]—The private bank at Poplar Grove, Ill., was blown up last night, the building wrecked and the vault forced open. The unknown miscreants made their escape with \$3,000. The robbery was not discovered until this morning.

THEY REFUSE TO FIGHT

Insurgents Are Retreating Into the Mountains Before General Hughes.

Manila, Dec. 5.—[Special Cablegram]—Advices from Panay say that General Hughes now occupies Ombantan and Santa Barbara. The insurgents continue to retreat into the mountains refusing to fight.

Hat-Making Combine Certain. Danbury, Conn., Dec. 5.—The proposed combination of the hat manufacturers throughout the country, which has been under consideration for some time, is likely to become a reality. It is claimed that \$15,000,000 of capital is ready to buy every available hat-making plant, not only here, but in Newark and Orange, N. J., South Norwalk, Conn., and every other important hatting center in the country.

APPROPRIATIONS REQUIRED

Secretary Gage Submits His Estimate to the House.

Washington, Dec. 5.—The secretary of the treasury Monday transmitted to the house of representatives estimates of appropriations required for the service of the fiscal year ending June 30, 1901. The aggregate of the appropriations estimated for is \$631,081,994, an increase over the estimates for the present fiscal year of \$38,032,616, and an increase over the appropriations for the present fiscal year of \$34,235,024.

Following is the total recapitulation by departments of the estimates for next year, including appropriations for the present fiscal year, cents omitted: Estimates for 1901: Legislative, \$9,936,257; executive, \$257,140; state department, \$2,133,278; treasury department, \$162,171,442; war department, \$190,112,351; navy department, \$76,469,690; interior department, \$174,660,841; postoffice department, \$4,581,686; department of agriculture, \$4,806,257; department of labor, \$172,980; department of justice, \$8,322,077; grand total, \$631,081,994.

Appropriations for 1900: Legislative, \$10,423,152; executive, \$215,708; state department, \$24,039,618; treasury department, \$165,891,410; war department, \$163,083,358; navy department, \$51,325,200; interior department, \$167,562,615; postoffice department, \$1,539,851; department of agriculture, \$3,728,094; department of labor, \$172,980; department of justice, \$8,322,077; grand total, \$596,846,970.

FAVOR A CHANGE IN POLICE SYSTEM

TAXPAYERS NEARLY UNANIMOUS IN THE DEMAND.

Out of Forty-Five Interviews Only Two Defended the Present Plan and Four Were Non-Committal, the Other Thirty-Nine Favoring a Change—What They Say.

December 5. To Number of Interviews to Date - 45 In Favor of a Change - 39 Non-Committal - 4 In Favor of Present Plan - 2

Station Needed. J. C. Kline—"We need a police station with officers there when wanted."

Need Bigger Force. W. E. Hayes—"In Marshfield they have four uniformed officers and that is a town of only 5000 inhabitants. I was in Fond du Lac the other day and there, I believe, they have seven or eight officers. We need a larger police force."

Establish Headquarters. A. F. Hall—"It seems to me that to establish headquarters is the only thing to do."

Wants No More Expense. John G. Rexford—"Personally I am not in favor of paying more money for a police force."

Arguments on Both Sides. George D. Simpson—"I think there are arguments in favor on both sides."

Headquarters Plan Good. Dr. M. A. Cunningham—"Police headquarters would be a good thing."

Headquarters Needed. Hon. B. B. Eldredge—"I have often tried to find an officer. Headquarters would be a great convenience."

Headquarters But No More Men. Hon. Hamilton Richardson—"In Janesville this year my personal taxes are more than last year. Just because a sneak thief for that is all he was—happened to go into a third ward home. The Gazette advocates multiplying the police force. Our force now is sufficient but we need some place where an officer can be found when he is wanted."

Says, A Good Idea. John Soullman—"I have been out of town much of late and have paid but little attention to the proposition. However I think it a good idea."

Need Headquarters. E. T. Foote—"I think the city is large enough to have police headquarters so people would know where to find the officers."

Police are Necessary. Rev. A. H. Barrington—"When you want an officer you want him immediately. A police department is as necessary as a fire department."

Headquarters But Resignations. Alderman James Sennett—"We have enough police now, if they were only all as good as John Hogan. If I was mayor of Janesville I would ask for the resignation of certain local officers. I favor headquarters, but not an increase in our present force. If we had more officers people all over town would be telephoning after them for every little affair."

No Grass Grown Here. L. B. Trent—"People are beginning to realize that the grass no longer grows in the streets of Janesville. The city needs modern improvements and a place where one can reach an officer is one of them."

No Officer in Sight. Frank B. Echlin—"I favor a station where an officer could be found. Just the other day there was a fight near our place of business but no police were about."

Leave it to Chief Hogan. T. S. Nolan, Fire and Police Commissioner—"I am in favor of referring the matter to Chief Hogan, and I think you will find that the mayor and the members of the common council are also. If he needs more help, he will get it. If he does not, nothing will be done."

Form of Government Recommended For Porto Rico Is Essentially Territorial—Reference to Tariff Is Made as a Largely Contributory Cause to What Is Characterized As the Prosperity of the People.

Washington, Dec. 5.—[Special Telegram]—The house got down to business at noon today. The committee which waited on McKinley reported that the message from the president was ready and the reading began at 12:13 o'clock. The senate met promptly at noon, and after Mr. Bates of Tennessee, was sworn in, the reading of the president's message was begun. A summary of the document is as follows:

Summary of the Message. The United States government has acquired sovereignty over the Philippine islands by treaty with Spain, and that sovereignty should be maintained. The form of government to be applied in the islands is for congress to determine. At the present time the largest measure of civil government consistent with the military occupation is now in operation in Manila and towns in the Philippines; and in the island of Negros.

The conduct of affairs in the islands under the military regime is commendable, and the recent official representations as guaranteeing the expectation that the rebellion will soon be crushed are indicated. No special laws are recommended. The ultimate form of government in Cuba cannot be established until it has been determined whether Spanish citizens of the island shall declare whether they prefer to be Cubans or Spanish citizens. By the treaty with Spain the Spanish citizens of the island have until April next to make that declaration.

The form of government recommended for Porto Rico is essentially territorial. It is proposed to have appointed by the executive, subject to the approval of the senate, a governor and other officers, as attorney-general, treasurer, etc., these officers, with a minority number of native officers, to form a legislative council. The completion of the Nicaragua canal at the earliest possible date, consistent with the public economies is urged. The question of the immediate legislation is not touched.

It is maintained that it is the abuse of trusts which is the cause of the hardship attributed by the people to corporations. No specific remedial legislation is suggested, but congress is urged to deal with the subject effectively, in accordance with the equities as between the people and combinations and corporations which may be shown to be oppressive and a burden to the people.

Only indirect reference to the tariff is made, as a largely contributory cause to what is characterized as the prosperity of the people.

The gold standard is openly advocated and the recommendations previously made to protect the gold reserve and provide for larger circulation are renewed.

A MAGNIFICENT BODY OF MEN

Quarries of Wisconsin Attracts Attention in the Senate

Washington, Dec. 5.—It was a magnificent body of men that was sworn in as members of the senate yesterday. Most of them were six feet tall and built in proportion to their stature. Some one in the gallery remarked that they would make an excellent football team, as each of them weighed close to 200 pounds. Senator Quarles of Wisconsin, is easily the best looking of the new law makers, being fully six feet tall, straight as an arrow, and well proportioned. He has a well shaped head, which is covered with heavy brown hair just beginning to turn gray. He has a frank face and a flowing mustache, which is a perfect match for his hair. He is dignified in bearing, made an excellent impression on his colleagues, and bids fair to make many friends in the senate. The junior senator from Wisconsin was escorted to the desk of the presiding officer by his colleague, Senator Spooner. He wore a gray frock coat and, like the other newcomers, had his large bouquet of flowers.

ANOTHER PIONEER IS GONE

Death of Mr. David Andrew at His Home in Turtle Town.

Cainville, Dec. 5.—Another pioneer of Rock county has passed away. Mr. David Andrew died at his home in the town of Center after an illness of three months' duration. Mr. Andrews was in his eighty-fourth year. He was born April 18, 1816, at Schuyler, Herkimer county, New York.

He was married March 4th, 1846, to Jane Dodge, with whom he lived fifty years, she passing away Sept. 24th, 1896. They came to Wisconsin in 1884, and located in the town of Center on the farm on which he has ever since resided.

Three children are left to mourn his loss they being Mrs. Mary J. Hopkins of Rockford, Ill., Mrs. Emma Squares of Marshalltown, Iowa, and Warren Andrew of Center.

Funeral services were held this afternoon at one o'clock at the home and at two o'clock at the Disciple church in Center. The interment was in Bethel cemetery.

Low Down, Short Turn DELIVERY WAGON.

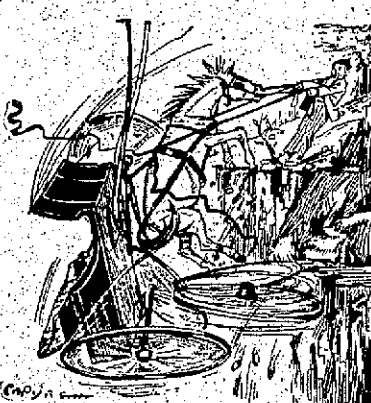

Wagons of this class that we sell are ahead of anything ever used in the city. They are up-to-date in every respect—in usefulness, beauty and durability.

One great point with these wagons is the square drop axle, letting the bottom of the box down to within twenty-one inches of the ground.

The short turn is another special feature, allowing one to turn around in an eleven foot alley.

The box is put up in many different styles for convenience as delivery wagons for milk, bakery goods, groceries, laundry, meat or any other business.

NOTICE the new delivery wagon of RICHTER BROS. We sold it to them and it speaks for itself.

MUCH depends on the Harness sometimes. The breaking of a trace or buckle at a critical moment may cause disaster.

WHO SHALL DO THE RUNNING?

It is an insult to the intelligence of the people of Janesville to say that her public spirited property owners are opposed to making needed improvements—improvements calculated to protect their lives and property, or improvements that are necessary to public safety, public health, or the advancement of the city.

Every man, woman and child—especially if they own property—naturally wants to see the Bower City progress. Every step forward adds to the earning capacity of every piece of real estate and every factory. Every newcomer finds it necessary to buy goods of local merchants. The advancement of the city means the advancement of every citizen, and every citizen naturally desires to better himself.

No tax payer is willing to spend money extravagantly, however, and it is well that such is the case. The knowledge of this fact puts a quietus on many a scheme that otherwise would be floated. But the person who rises up and protests against every change for the better—regardless of the question of whether or not the change is desirable—is not a true representative of the tax payers. Such people are rare. The business man takes a business view of every question. He weighs the benefits to be received against the expenditure necessary, and decides the matter on a business basis. Men of this stamp predominate in Janesville. They do not close their eyes to their own interests, but "look before they leap." They only want to be sure of their ground before they go ahead.

When a hue and cry is raised because some change is suggested, the source should be investigated. If the noise emanates from people who have a selfish motive, or from people who simply oppose every idea promulgated by some one else, no attention should be paid to it, for you can rest assured that it does not reflect public sentiment—it simply represents the sentiment of people who want the city to grind their axes.

The people want police headquarters established so that they can get an officer when they need him—not after the necessity has become a thing of the past. It has been shown that this system would cost no more than we now pay. Then what objection is raised to the change?

1. "Chief Hogan doesn't recommend it." Perhaps not. Chief Hogan told a Gazette man that he "had nothing to say," when his opinion was asked. But suppose Chief Hogan does not favor the plan; does that alone condemn it? Chief Hogan is an exceptionally competent police officer, but the police department is for the protection of the people, and when public sentiment favors something that Chief Hogan does not like, then Chief Hogan must either submit to public sentiment, or public sentiment must submit to Chief Hogan. We all have the kindest feelings for Chief Hogan. He is not under fire. The whole question is shall the people be required to run after Chief Hogan, or shall Chief Hogan be required to station someone at headquarters so that the citizens who want an officer can find him? Which shall do the running, the policeman, or the citizen?

2. "The tax payer is burdened," etc. Is he? The Gazette's figures cover that point. Decide it for yourself, but anyway, it doesn't count in this case. Police headquarters can be established without one cent of additional expense.

3. "The present system is good enough" etc. But is it? Is any system that can be improved "good enough," especially when the improvement costs no more?

4. "Because we have no robberies to speak of" etc. True, but is that fact the result of not having police headquarters, or is it the result of good luck and good work, individually, by the officers? Would the result be different if we had police headquarters in the past?

5. "We were just as well off when we only had one officer" etc. Certainly. One officer is as good as forty in a go-as-you-please system, but if one officer is sufficient to curb lawlessness, why not station the other two at headquarters, so that when we want one we can get him?

6. "We are putting on too many metropolitan airs," etc. Are we? In what way? What are "metropolitan airs?" A man who wears "store clothes" is called a dude in some sections, while in other sections a man who doesn't put on a dress suit at noon is looked upon with suspicion.

Circumstances should always determine the action taken. Do the circumstances make a change in the police system desirable? Which is the better system, run after the policeman, or have the policeman within call? One system need cost no more than the other.

Do the arguments above set forth—if any others are advanced we have not

heard of them—prove that the proposed system is impractical?

Watertown, Wis., population 10,000, hires five policemen. Evidently Watertown people have decided the question of "who should do the running" in favor of the citizen.

Who should do the running? The policeman or the people who hire him? d. t. f.

GEO. CLARK WRITES FROM PHILIPPINES

HE DESCRIBES HARD FOUGHT BATTLES.

Insurgents Are a Dirty and Ignorant Class of People—Are Made to Pay Revenue to Priests and Officials—Good Workmen With Knife and Spear.

Miss Mamie B. Clark of this city is in receipt of the following interesting letter from her brother, George Clark, a former well known Janesville boy, who is now stationed at Guimbalson, Negros, Philippine Islands, as a member of Company K, Sixth Infantry.

I am in the best of health, getting fat, and I wish I could get my photos taken, but a photographer is an unknown person here. We are out here in the woods. The last United States paper I saw was June 7th. Our detachment has had two fights with insurgents and half a dozen scraps with Ladrones (thieves). Every time we go out on a march we run across small bands of Ladrones, but they run after five minutes fighting. We have only lost two men of our detachment and Lieutenant Grubbs was killed during our last fight with insurgents.

According to your letter there is no fighting on Negros island, but if we are not fighting I don't know what to call it. We captured two insurgent forts, killing 145 insurgents and losing two privates and one lieutenant. We captured about 4000 rounds of ammunition, a large number of rifles, spears and bolos. We have been out in the mountains for eight days without rations. Had to live on the country. I have been on outpost in the rain all night. The night before our fight at San Isidro I was on duty. I laid in the grass all night during a hard rain. The insurgents were only about fifty yards from us. We were ordered not to shoot unless attacked. That was the worst night I ever put in, expecting every minute to have a bolo man jump up in front of me. (By a bolo man I mean an insurgent who carries a knife from sixteen to thirty inches long, and who crawls through the grass and jumps on you.) One slice of the knife and you are gone. I saw one soldier have his head cut clear off with one blow.

Then there is the spear men. They stand fifteen or twenty feet away and can throw a spear clear through you. We are not afraid of their riflemen, as they are bad shots.

The Philippines are the dirtiest people I ever heard of. They eat anything that lives or grows. I have seen them eat roaches and grasshoppers, monkeys and snails, and all kinds of roots. They die like flies. The poor classes carry their dead into the church and ring the bell for five minutes, then carry their dead to the cemetery and bury them without coffin or box. They pay 2 per cent a year in advance for the grave, and if they fail to pay, the body is dug up and thrown on the ground. Their cemetery is full of bones. The people live in huts stuck up on poles. They live in one room. I have seen eleven persons stretched on the floor, all sleeping with their clothes on. They all go to the river and bathe. Their religion is a disgrace to the whole civilized world.

There are a large number of priests in the insurgent army. They take a short shirt, bless it and give it to the men to wear. While wearing this it is their belief that no American bullet can kill them and if they get hit with one they will come back to life in three days. Then again in the cities they sell the members of their church small round pieces of black court plaster which is supposed to keep away disease. If one dies it is because they have lost faith. If anyone refuses to pay their church dues the priest goes to the chief of police with his complaint and in a couple of days the poor victim is arrested for being a lachrymose. We have had large numbers of such cases brought to our attention.

The people are ignorant because they are not allowed to read. A book is something you will never find in a store. When a couple of the poor class want to marry the man goes to the priest, pays him so much, then to the Presidente (mayor) and chief of police, pay them their price and they are declared married.

LOCAL PARTIES TOO GAY

Quartette From This City Fall Into Hands of Beloit Police.

The Saturday issue of the Beloit News prints the following:

A quartette of young people from Janesville drove down to Beloit Wednesday evening with one horse and were driving about town having a big time until about 1 o'clock, Officer Whipple arrested the young man who had hired the rig, and put him in the lockup. The other young man and the girls went home on the 5:22 train and the one in jail was let go in the morning on the promise that he would not offend again. The Janesville liveryman came down and took his rig home yesterday.

SEVENTEEN YEARS ILLNESS IN BED

MRS. ROSINAGAVIN OF NEWARK DIED SATURDAY.

Women That Was Well Known to Many in Janesville—Nervous Prostration Cause of Her Demise—Husband Was Killed At the World's Fair Held in Chicago.

After seventeen years confinement in bed as the result of nervous prostration, Mrs. Rosina Gavin died Saturday at the home of her mother, Mrs. Thomas Dale, in the western part of the town of Newark, age 52 years.

Mrs. Gavin was born and brought up in Newark but moved to California after her marriage. Ten years ago her mother brought her home on a cat. Her husband was killed at the world's fair in Chicago. One son, Harry Gavin, of Omaha, Neb., and a daughter, Mrs. Royal White, of Muscoda, Wis., survive her. Two sisters, Mrs. Charles Gupta and Mrs. Seymour Gupta of Canton, S. D., and one brother, Hiram Hoyt, of Mitchell, S. D. are also living.

The funeral will be held from the home of Mr. and Mrs. Dale this noon.

BLOODED HORSES ARE SHIPPED HERE

VANDERBILT FAMILY ONCE THEIR OWNERS.

R. P. Stericker Is the Purchaser—The Horse Market in All Parts of the Country Shows Improvement—Good Prices Are Being Paid Compared to One Year Ago.

Three of the most valuable Hackney stallions that were ever shipped west are now in Janesville, the property of R. P. Stericker. During a recent visit to the New York horse show Mr. Stericker made the purchase of these three animals that have won prizes in many horse shows. Two of these steeds are by champion Matheas of Lonsdale, and the other by champion Rufus, Jr.

Mr. Stericker also purchased the famous brood mare, "Dropping Well," just celebrated on both sides of the Atlantic. This mare was once the property of Dr. Webb, a son-in-law to one of the Vanderbilts; and it was not long ago that he refused to sell him at any price. Horses throughout Rock county are in demand these days at good prices.

BROWN ARRIVED IN TOWN

Come Accompanied by Fifteen Good Looking Members of the Profession.

"Brown's in Town."

Accompanied by fifteen theatrical members Mr. Brown arrived this noon and this evening will hold forth at the Myers Grand.

Theatre-goers will be in a position to pass unbiased judgment on the new farce, "Brown's in Town," tonight. Many of the situations in the new farce are new and original and it is said that the error of slapdash and knockabout has been avoided. "Brown" visits the small village of Honeyuckle Lodge, because, while he is about to enjoy his honeymoon with his young and pretty wife, whom he has secretly married, a host of relatives and friends visit him. Their coming and going and the fact that Brown tries to keep his marriage a secret, makes the story of the play. The cast is an excellent one and a few of its members are Lew H. Newcome, Fred G. Harn, Wallace West, Clayton Kennedy, Frank X. Hope, John Hall, Sara G. Osgood, Bessie Lee, Edith West, Edythe Terry, Florence Irving and others.

CHRIST CHURCH PARISH HOUSE

Was Thronged During the Afternoon with Many Holiday Buyers.

Christ church parish house was a busy place today, and during the afternoon it was thronged. The attraction proved to be the annual Christmas sale under the auspices of the ladies of the church. Several tastefully decorated booths lined the rooms, and were presided over by handsome young ladies. Many articles were disposed of, and a neat sum realized as a result of the sale. Supper will be served this evening at 6 o'clock.

OUR SOLDIERS WELCOMED.

Filipinos in Occupied Towns Manifest a Friendly Disposition.

INSURGENTS ARE LOOTING.

Aguinaldo's Men Have Lost All Discipline in Their Retreat—Operations Around Vigan in Northern Luzon—Gen. Young Still in Active Pursuit.

Manila, Dec. 5.—Gen. Young with three troops of the Third cavalry is pushing north toward Vigan. Major March with three companies of the Third infantry has arrived here. Reports received from various sources by the Americans indicate that Aguinaldo has gone to Bangué, in the province of Abra. Bangué is east of Vigan and about 240 miles north of Manila.

The insurgent Gen. Tinos, with a force approximating 600, is following Aguinaldo. He passed through Santa Cruz recently on a hurried march through the mountains to Bangué. Fourteen American prisoners with their guard of Filipino soldiers passed northward through this town Nov. 24. The latest reports indicate that the Spanish and American prisoners are either at Bangué or Lepanto.

There is a general expression of confidence and friendliness by the natives with whom the American troops come in contact.

It is improbable that there will be any fighting as long as the route of our troops is along the coast. The march into the mountains may develop some resistance, although the officers do not anticipate any more hard fighting. Notwithstanding the forced marches, which have been extremely severe, both soldiers and horses are in fair condition.

Germans Take Carolines.

Manila, Dec. 5.—The Spanish transport Aliva and the gunboats Villalobos and Quicos, with the Spanish garrison and civilians of the Caroline Islands, arrived here Monday. They report that the German governors of the islands, who arrived on the warship Jaguar, occupied Yap Nov. 3, Delpan Nov. 15, and Ponape Oct. 3. They garrisoned the places with fifteen men each. The Spanish governors of Yap and Ponape said they considered the small German garrisons in danger from the natives.

A press dispatch from Dagupan says that Gen. Young hopes to find Aguinaldo in Bangué mountain pass and to capture him there. Both entrances to Bangué are fortified. Two troops of the Third cavalry will re-enforce Gen. Young in the pass.

The Americans left Nampacasan, province of Union, expecting to have a hard fight at Tagudin, in South Ilocos province, but they found on arriving there that 600 rebels, under Gen. Tino, had evacuated thirty-six hours before, deserting an almost impregnable position.

Rebels Put to Route.

Manila, Dec. 5.—Capt. Rumbold, with thirty-five men of company G, Thirty-second infantry, while escorting the signal corps laying the wire from Porac to Florida Blanca, charged and routed seventy insurgents, killing a captain and several privates. The Americans found on the captain the sword and revolver that were taken from the body of Naval Cadet Welborn C. Wood, who was killed by the insurgents while in command of the gunboat Urdaneta when that vessel was captured in the Orani river.

Are Driven from Idefonso.

Manila, Dec. 5.—Col. Hood, while reconnoitering near San Miguel, drove a force of insurgents from Idefonso, killing several. Five Americans were slightly wounded.

Mr. H. P. Hanson, of 103 Pleasant St. engineer, employed at the Janesville Machine Co., says: "Doan's Kidney Pills did me all the good that could be expected and I recommend them to any one who may be troubled with a lame back or any kidney disorder. After procuring them at the People's drug store and taking them I felt better slept better, my back did not ache like it did, and I did not rise in the morning with a lame and sore back. I suffered from these symptoms for four or five years and I was more than pleased at the results obtained from the use of Doan's Kidney Pills."

Shapely Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is very destructive to the mother's shapeliness. This can be avoided, however, by the use of MOTHER'S FRIEND.

MOTHER'S FRIEND also obviates all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing, and thousands gratefully tell of the great good it has done them. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this great remedy, will be sent free to any address by THE BRADFIELD REGULATOR COMPANY, Atlanta, Georgia.
